Key Blends Honey Bun Concentrate

Thursday, September 26, 2013

Key Blends Honey Bun Concentrate is designed to make high quality, long shelf life honey buns and other fried bun type products as well as fried danish. Honey buns made with this concentrate will have shelf lives in excess of 30-45 days and will be of the highest quality.

The concentrate should be stored in a clean dry area with no off odors or any hazardous material. This is a food grade material and it must be kept in food grade storage areas.

The shelf life of the concentrate is 6 months when stored below 10C. Storage at temperatures >10C but <30C will reduce the shelf life to 90 days. The shelf life is 1 year at temperatures below 4C.
